

Part No:

ADP-W-12500-5000-75-SF

WR75-SMAF ADAPTER

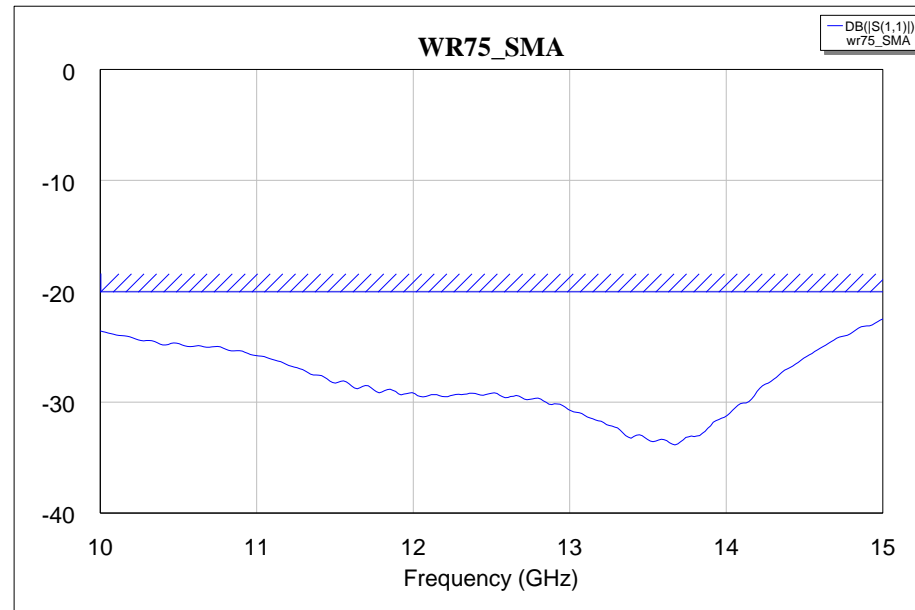

ADP-W-12500-5000-75-SF is a WR75 to SMA-F adapter which operates across the entire WR75 frequency band of 10-15 GHz. Return loss across 10-15 GHz is 20dB minimum.

Parameters	
Pass-Band Frequency	10-15 GHz
Insertion Loss	<0.2dB
Return Loss	20 dB minimum
Operating Temperature	-50°C to +85°C
Material	Aluminum, Chromate Conversion Coating, Clear
Weight	75 grams

Key Features

- 20dB return loss across entire WR75 frequency band
- Low Pass-band Insertion loss

Typical Measured Data

ADP-W-12500-5000-75-SF
